Ministering in Southern Africa

January 2007

Dear Beloved Friends:

Warm Christian greetings! There are sights and sounds of Africa that will always be etched in our conscious thoughts. Some of them we would like to forget and others we hope we never will. I hope we never forget the sight and sound of a jubilant crowd of young people in Kwa Zulu Natal rejoicing and saying, "We thought you would never get here." We had brought the message of hope and they were ready to hear it!

Over the years multiplied thousands have responded to the message of hope in the Gospel in Africa. Presently, one-third of the entire population of South Africa are Charismatic-Pentecostal believers. What a sight and what a sound!

There are other sights and sounds that we wish were not there, nevertheless, they form part of the total picture:

- The tears and bitter cry of a person who has just been diagnosed with HIV aids
- The aimless wandering of a homeless, abandoned child
- The cries of a wife, mother, father, son or daughter who has just lost their closest companion on earth to another random act of murderous violence
- The empty stare of many who have looked through their window of life and have seen nothing but hopelessness staring back at them.

It has been our privilege and high calling to bring the sound of hope and help that is inherent in the Gospel of Jesus Christ to these situations. It has not always been pleasurable, but it has always been a privilege to preach and teach this message in Africa. With your prayers and partnership we continue to commit ourselves to the single task of bringing the sights and sounds of heaven to Africa (Psalm 89:15-18).

May God remember His word to you for good for taking this journey with us. With love and appreciation, we are

Yours in His service,

Roland and Pam
